

Performances of the following experiment

Experiment experiment #273523

User **rbruzzes**

Submitted **2021-08-01 13:10:52**

Started **2021-08-01 13:10:53**

Duration **8 minutes (27%)** of **30 minutes**

Nodes **12**

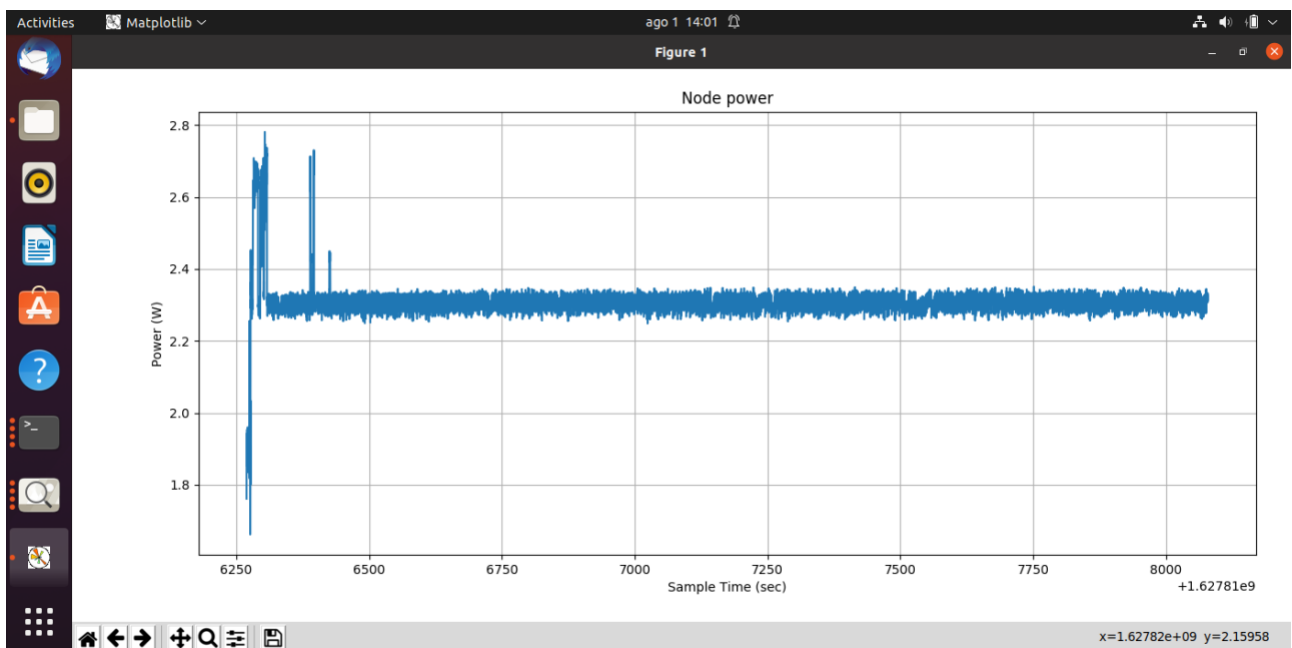

State **Running**

[Stop](#) [Download](#)

A8-100 Broker

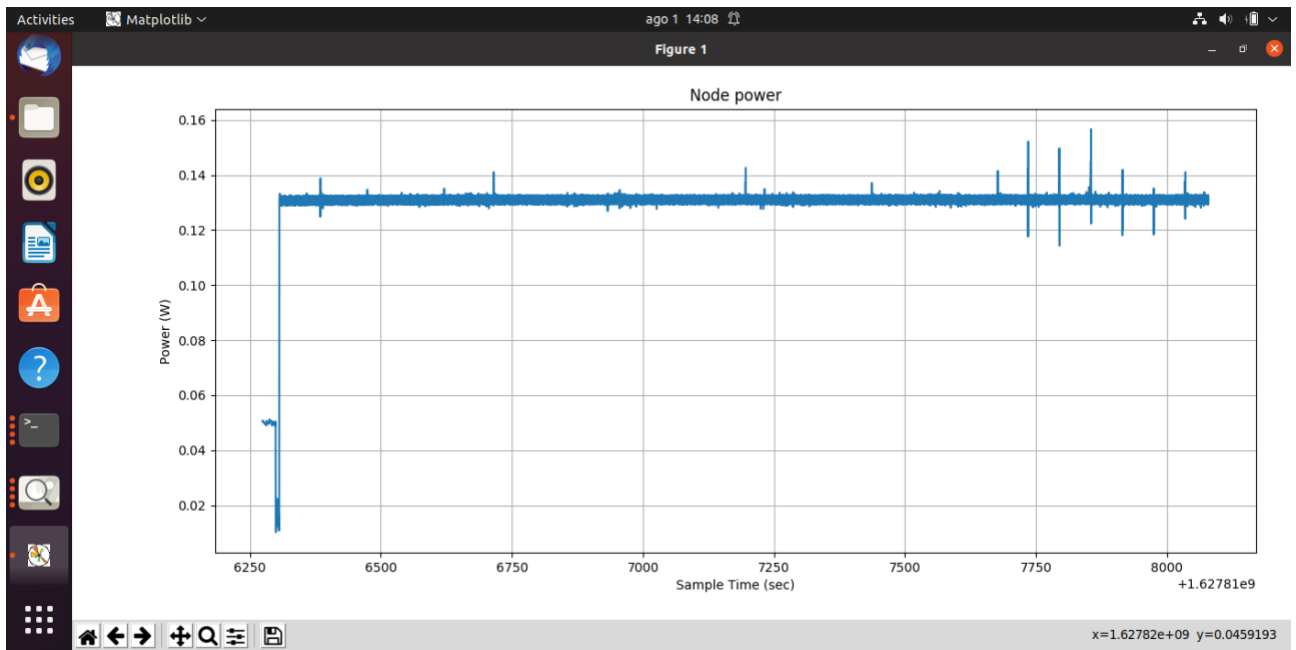

M3-1 Border Router

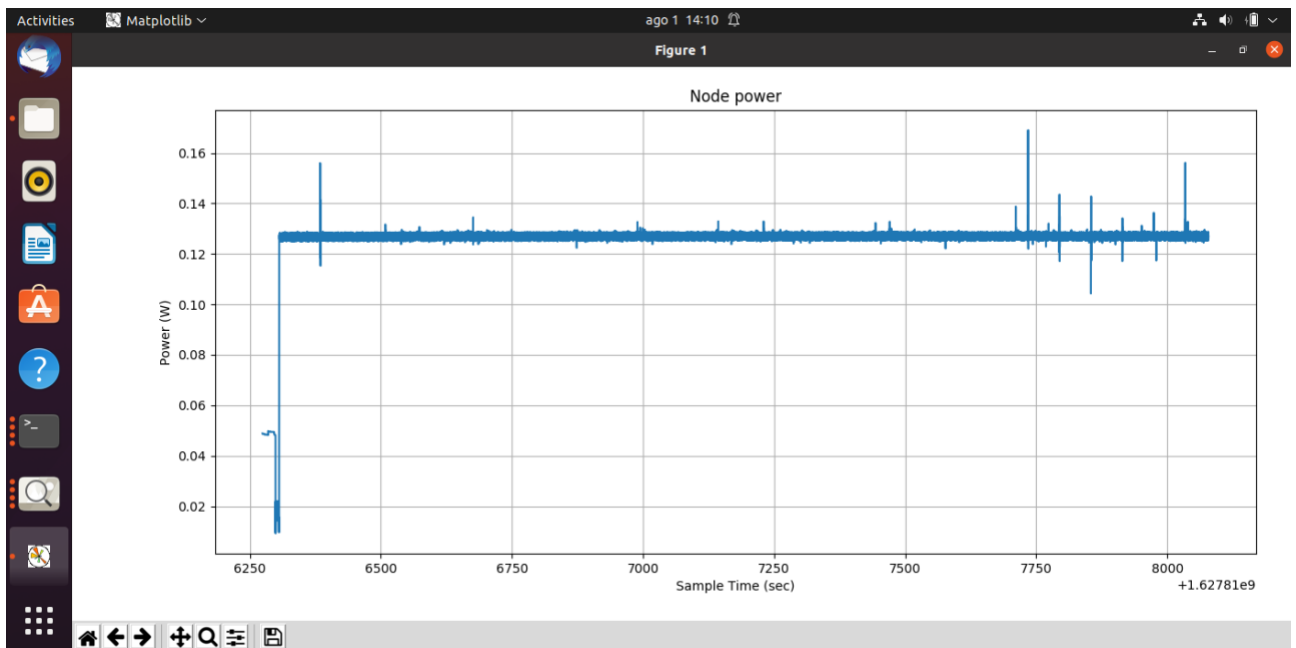

M3-2 Application Node (succesfully connected and 7 times disconnect

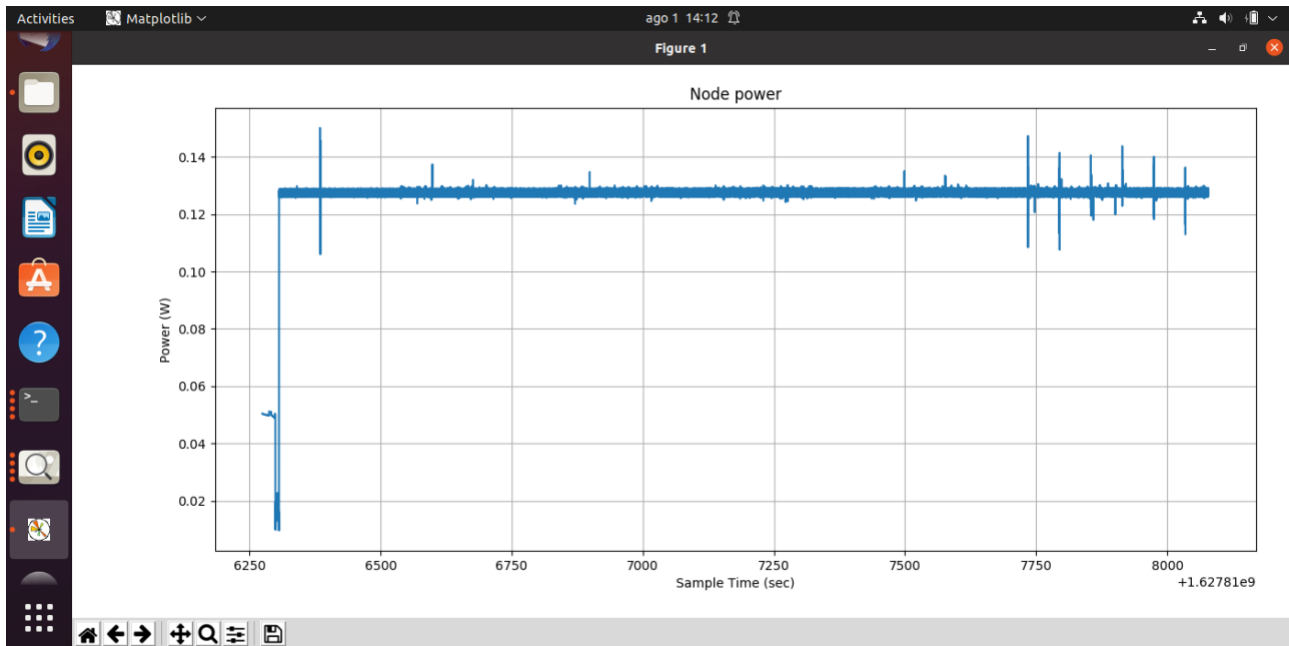

M3-4 Application Node (succesfully connected and 7 times disconnect

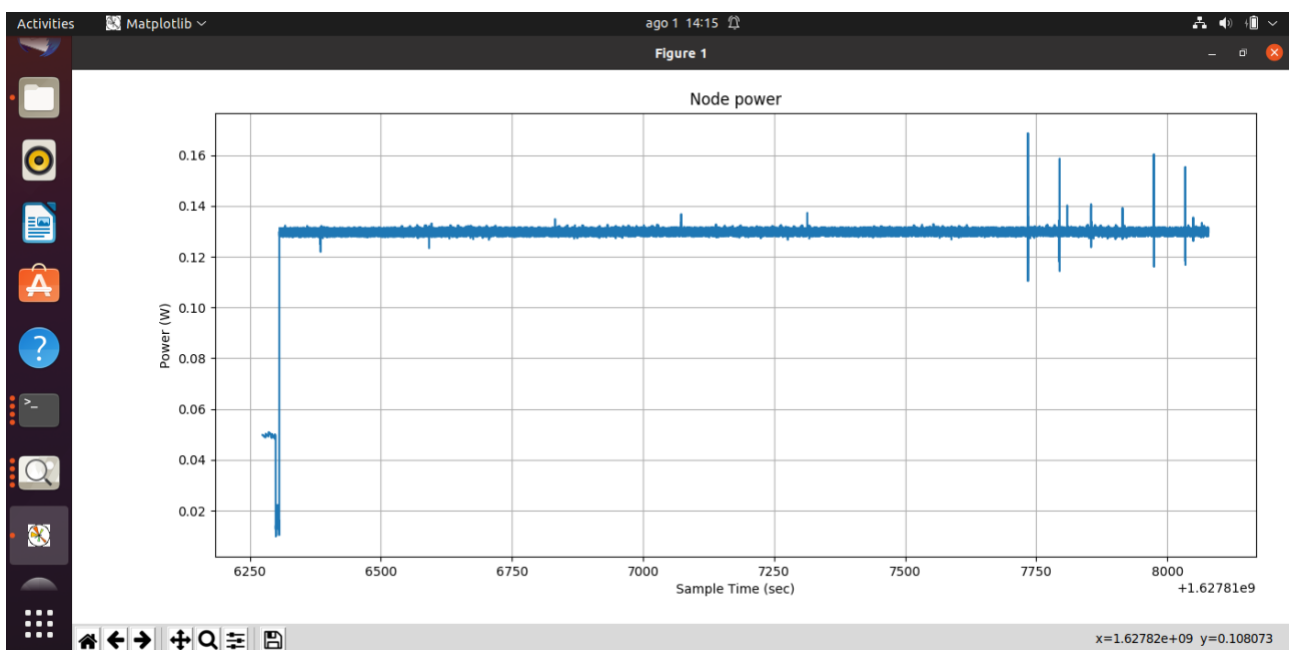

M3-5 Application Node (succesfully connected and 7 times disconnect

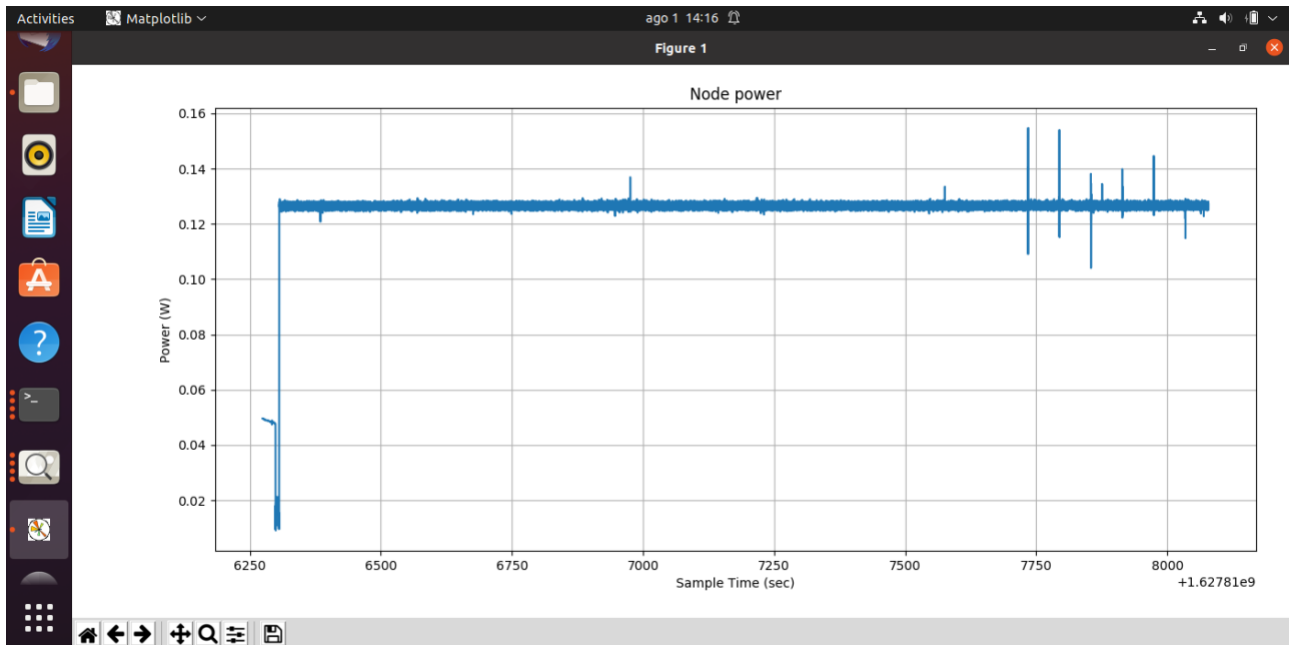

M3-6 Application Node (apparently not connected and 5 times try to connect)

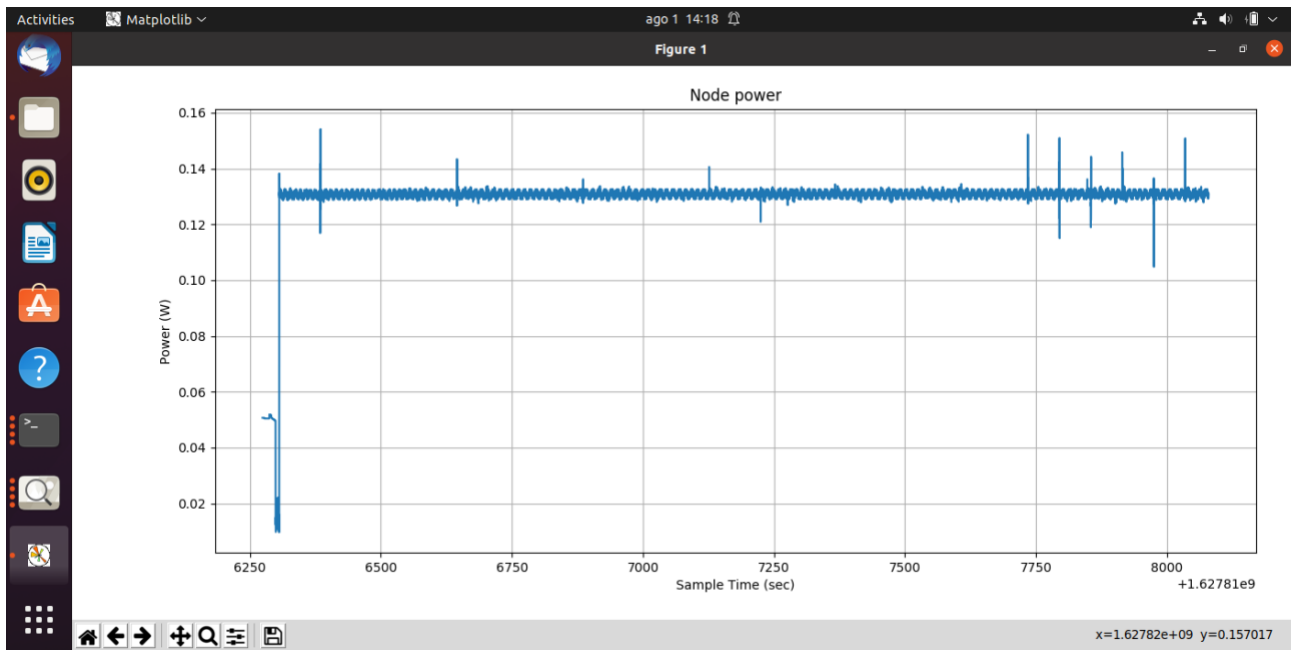

M3-7 Application Node (succesfully connected and 9 times disconnect

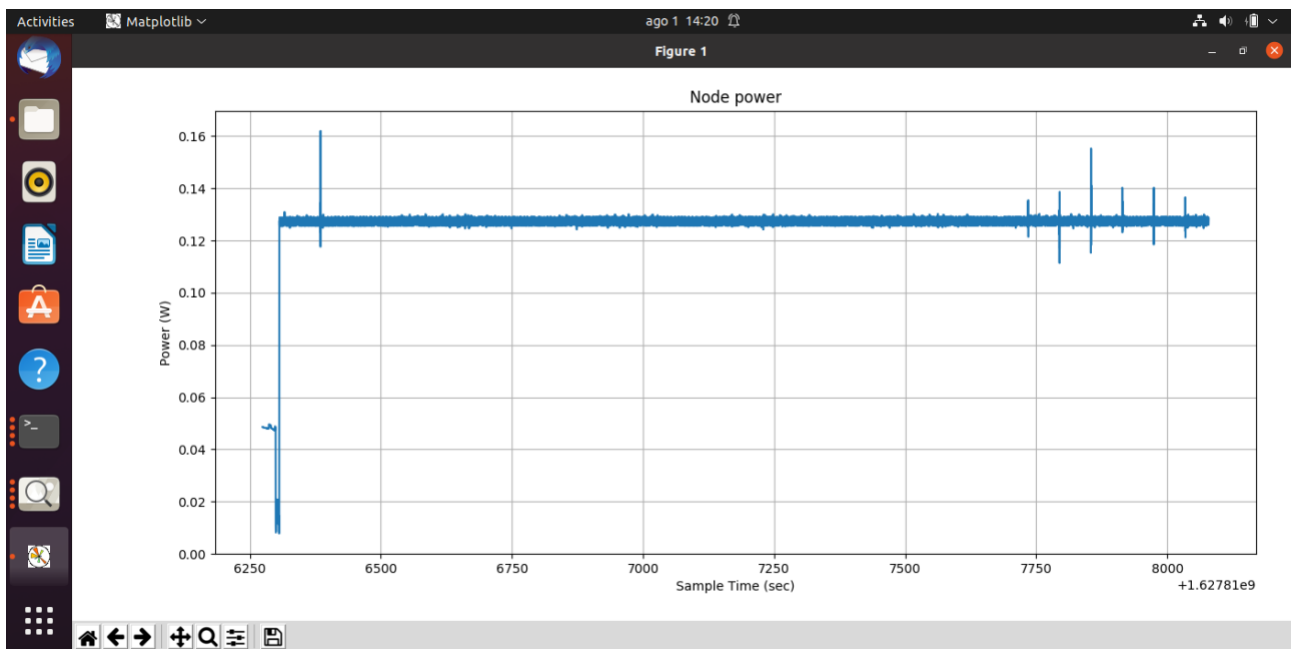

M3-8 Application Node (apparently unable to connect)

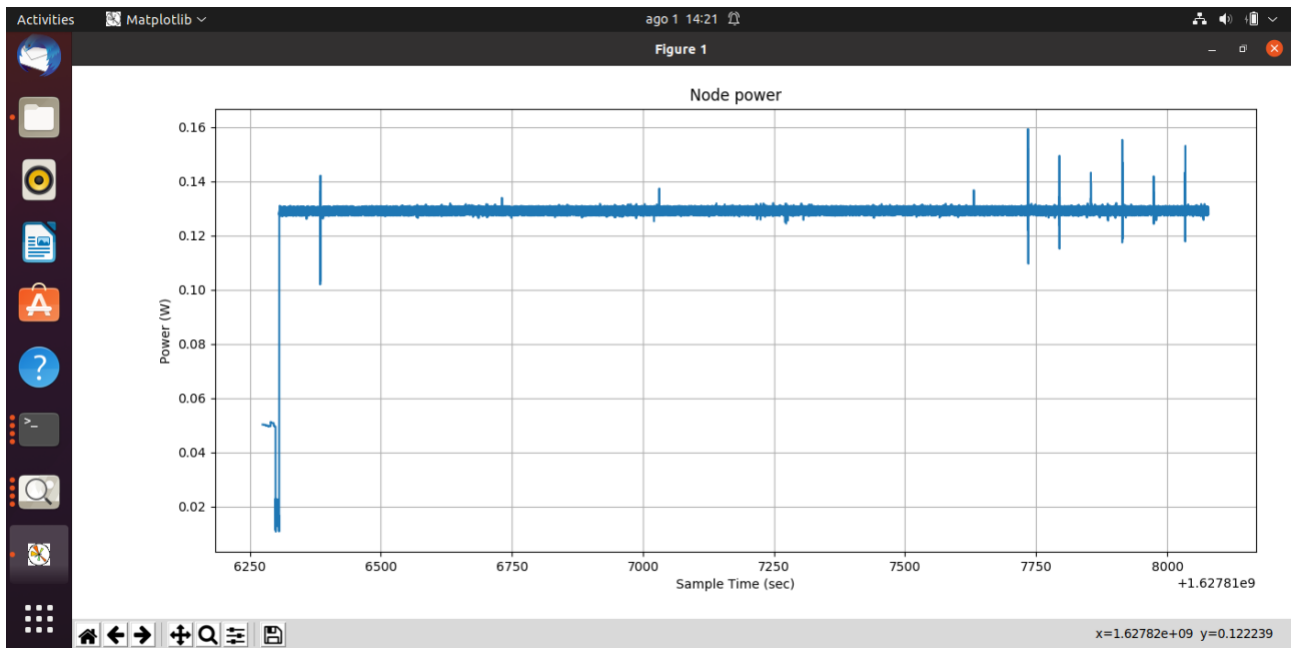

M3-9 Application Node (succesfully connected and 7 times disconnect

M3-10 Application Node

M3-11 Application Node (apparently unable to connect)

M3-12 Application Node
