| Nodes	UID	Firmware	Monitoring	Deployment
a8-100.saclay.iot-lab.info	9458		A8monitor	
m3-1.saclay.iot-lab.info	2053		M3monitor	
m3-2.saclay.iot-lab.info	2661		M3monitor	
m3-4.saclay.iot-lab.info	2353		M3monitor	
m3-5.saclay.iot-lab.info	c374		M3monitor	
m3-6.saclay.iot-lab.info	2760		M3monitor	

A8-100 MQTT Broker
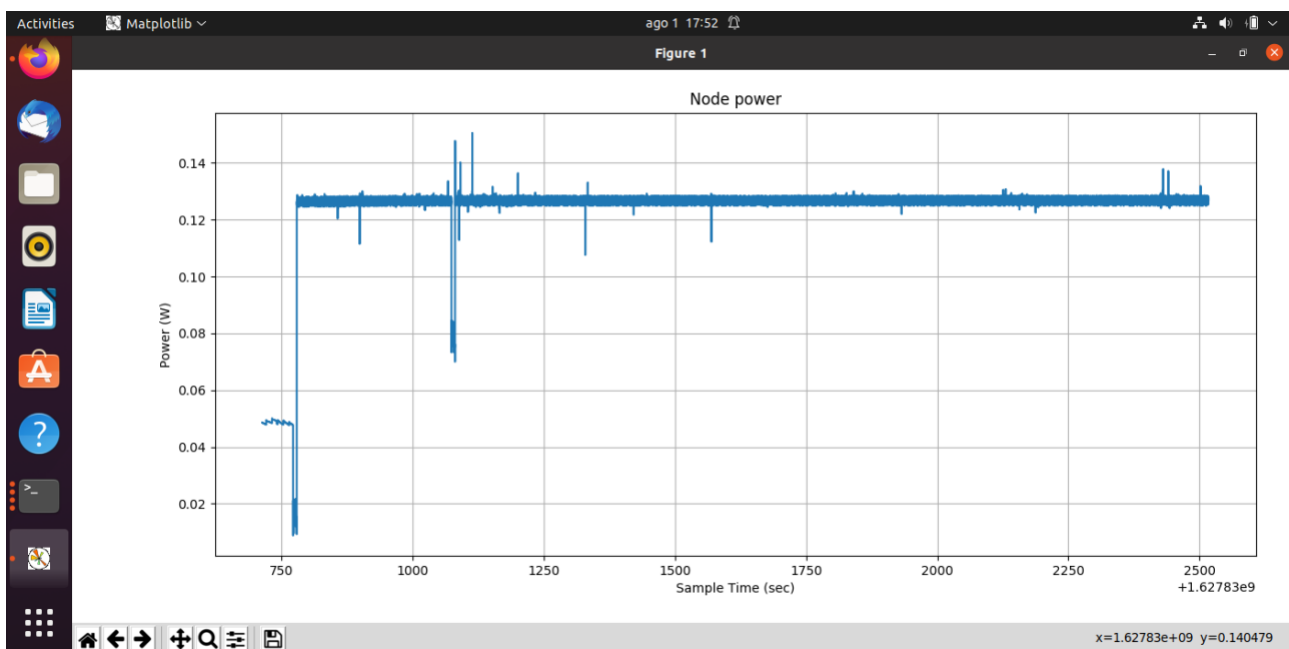

M3-1 Border router

M3-2 Application Node (successfully connected and 4 times disconnect
It reloaded firmware two times at the beginning stage.

M3-4 Application Node (successfully connected and 4 times disconnect
It reloaded firmware two times at the beginning stage.

M3-5 Application Node (successfully connected and 1 time disconnected
It reloaded firmware one time at the beginning stage.

M3-6 Application Node (successfully connected and 1 time disconnected
It reloaded firmware one time at the beginning stage.
